Upon completion of this program, pharmacists should be able to:

- State the Center for Medicaid and Medicare Services' (CMS) core measures for Pneumonia
- Describe criteria for use of Pneumococcal and Influenza Vaccines
- Explain S.T.O.P. (Standing Orders Protocol) implementation at Montefiore Medical Center
- Describe daily activities of the program
- Define Points of Distribution (POD) at Montefiore Medical Center
- Explain the pharmacists' role as immunizers
- Identify future vaccination-related initiatives at Montefiore Medical Center

GNHYHA Services is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. ACPE Universal Program Number (UPN): 122-000-10-007-L01-P. This program is free of charge to NYSCHP Annual Assembly attendees and provides 1.0 hour (0.1 CEUs) of continuing education for pharmacists. Statements of credit will be mailed to participants within 4-6 weeks, upon successful completion of the sign-in list, CE registration/evaluation forms and including the conference code number for the presentation.

***All attendees must register for this CE program on www.nyschp.org under the
Cvent Annual Assembly registration.
Limited seating is available and food is provided
to adult program attendees only.***
