

## **Attention All First Professional Year Pharmacy Students!**

You can now join the New York State Council of Health-System Pharmacists at a new **discounted** rate. You can be a member for 4 years for only **\$30!**

As a member, you will have a chance to participate and shape pharmaceutical policies within the State of New York that ultimately will affect your future as a practicing Pharmacist.

The following are a sample of the activities within the local chapters and state-wide that are both informative and fun:

- Participate in chapter C.E. dinner programs or state C.E. programs which cover a wide variety of Pharmaceutical and therapeutic categories.
- Advocacy for pharmacists at the State legislative level involving topics such as CDTM (collaborative drug therapy management) and pharmacists as Immunizers.
- Community sponsored events such as prescription drug disposal programs and counseling activities.
- News briefs providing important information on pharmacy laws which may affect your future practice.
- Access to *The Journal of Pharmacy Practice*, a peer reviewed and indexed bimonthly journal.
- By attending these events, you will have the opportunity to meet and socialize not only with other students from your school, but with other students and pharmacists from all parts of New York State.

***We look forward to welcoming you into this outstanding professional organization!***
